Are you transgendered or transsexual and living full-time or part-time as a woman or man? Do you have concerns about your new journey? Would you like an opportunity to discuss the challenges and obstacles facing those who are transgendered, transsexual, or other variations of gender?

TG / TS Woman is an unmoderated discussion group for the discussion of gender-related issues.

TG / TS Woman is open to anyone who is transgendered or transsexual whether or not he or she is living full-time in their preferred role. The Group is also open to the partner of a transgendered or transsexual individual, and to anyone interested in discussing gender issues.

TG / TS Woman is dedicated with many thanks to the memory of its founder, Roberta Angela Dee.

She was a writer. Her works have appeared on a number of popular online publications, including TG Forum (<http://www.tgforum.com>)
(c) 2002, 2003 -- Roberta Angela Dee

She was a truly incredible woman, whose spirit in love and friendship will remain forever.
