Natasha,

I have never professed to be anyone other than a transgender woman. It's what  
I am and what most of the world knows me to be. There is no facade.

What "politically correct" assumptions are there to make about African  
Americans? Is it that you fear giving us the same respect that you give your  
own people? Or, is it that you fear African Americans being articulate and  
honest about the hatred you conceal for people of color?

What in hell are you talking about? In addition to being stupid have you gone totally mad? I have never heard of Transfeminism.org. I have nothing to do with it.

Get real, Natasha; and, get a life.
