Wrapped in Hate

Wrapped in hate,
Wrapped in hatred.
Their rap is hate:
TSs hating TGs,
And everybody's burning a CD,
Calling it "group cleansing"
While listening to Twisted Sister Radio.
Where did The Truth go?
Those dumb asses don't know:
Delusional fairies pretending they have a flow
But not being women, how could they know?
Sitcoms in drag, perverse prima donnas
Posing for crotch shots they'd never show their mothers.
They want to be ladies but haven't a clue how to begin.
Bless them Father, for they have sinned.
A detached penis doesn't make you a girl,
Any more than perming your hair or making it curl.
Real womanhood is a whole other world,
But they've still too much testosterone to watch it unfurl.
Give me a break! That ain't no girl!
There's not enough makeup to hide that much hate
And not enough lipstick to alter his Fate.
He wants to be a lady but he's too damn late.
He'd better just be thankful he's found some kind of mate.
Wrapped in hate,
Wrapped in hatred.
Their rap is hate:
TSs hating TGs,
And everybody's burning a CD,
Calling it "group cleansing"
While listening to Twisted Sister Radio.
Where did The Truth go?
Those dumb asses will never know.
Never know.
It's their delusion but they call it "the Truth"
Because they really don't know.

No one hates CD's per se. However i have an issue with 2 CD's as i posted in a dozen yahoo groups.
One, who spoke to me while i was camped out in a tent in wash DC and who was damned and defiant to say we need to harrass HRC and ruin the gays bill if we can't be included in ENDA. He doesn't want us to offer the senators offices i met any versions of the local bills that have been passed. He only wants what he wants.However, he has a job a home a wife his family and i have none.

The other was angry when i decided not to donate the \$14,000.00 to the TG fund to have \$2,000.00 of those donations go to a Drag / Cd march on wash Show. (I had offered good insight to the march, but my post was rejected as many at that site only wanted to jump on me because of my issue with two CD's.)

I had offered that we should have many small groups going to Wash DC. Many that would encompass "all areas" of the transgender community. Others only wanted to have one showing. I know we may have a 1000 TG's going to Wash DC for the MOW, but that is too small to make any difference. If we had small groups going for say, the police memorial and the veterans memorial day and such, we could be spread out over many months in DC and our presence would be felt with more people. To hold a one day drag show would cause us to be in a position to be attacked by our enemies and we all would be seen as CD's and not the TG's that make up the TS's TV's CD's that we really are.
To be spread out over many days would have reached more people and not make us appear to be a 1000 strong / weak TG group march.

PS: I now wanted my funds to go directly to the trans housing project in Houston Texas and the catskills and Minnesota. He wanted \$1,500.00 to run the TG fund for a year and \$500.00 for the MOW. Personally i was giving the last of my life savings to help these 3 homes and he was moving to Martha's vinyard in Mass and yelled at me because i realized i could help these homes independent of him. I asked him to please send more to the homes. He was rich and wanted my money to run the TG Fund. Why did the TG Fund need \$1500.00 a year to run. Wasn't this an all volunteer organization, with donated flyers and sites by the TG community? Why did they need to have a yearly overhead of \$1,500.00 ?

Yes i had issues with those two CD's, who only want want they want and they have jobs and homes etc.

Yes i guess i am a bigot and greedy to want to have priorities to where my donation was going to go. Forgive me for that. I should be more concerned with a drag show / MOW than to give the last of what i own to a few homes to help transgendered people in need. Yes what is wrong with my priorities that i would want to help the poor and needy. What was i thinking when i gave the \$300.00 i collected to a CD in NY who needed a months rent for an apartment, because he couldn't get along with a group of transsexuals he tried to live with. I should have given it to the MOW fund.
Yes i must be crazy when i sent \$700.00 to help another CD/TG to move away from the minnesota trans home after he ran out all the other needy TS's who can't get state assisted housing or jobs as he can. Geez i must be crazy to have priorities. I must be crazy to not just go with the CD majority of the transgender community that has more important needs for the last of my life savings. May God forgive me. May i be striked down for wanting to help the MOST NEEDY and not for wanting to help the CD MAJORITY. I am sure God will forgive me. However, will the CD community ever forgive me. May my days on earth be numbered fewer, with those poor transsexuals, who walk the streets.

I am almost done here at the NY catskills Trans home. I am only sending the funds there to the Minnesota trans home.
On the 27th of this month the CATS program makes settlement on the 4 bedroom Texas trans home and they move in the following 3 days. www.tghelp.org I am not going there. An attorney will have power of attorney over my control of that home in Texas.
I have to put my RV in the shop to get fixed so it can be sold to pay off some capital gains taxes. 9,000.00 to be exact. I have to send the balance to my child's Mom. I will then be hitchhiking to points unknown. I am in the lords care now and then. Personally, i pray the lord to take me home soon.
bye love Danielle

Thank you. The world would certainly be a better place with a lot less hate and lot more love.
